

# RAD PNEUMATIC 15DX

Imperial Part No. 17328

## SPECIFICATIONS

**Torque Range Ft. lbs.:** 350 – 1,500 Ft. lbs.

**Torque Range Nm:** 400 - 2,000 Nm

**Speed:** 10 RPM

**Weight:** 4 Kg (Excluding reaction arm and impact socket)

**Square Drive:** 1"

**Noise Level:** 80 dB

**Accuracy:** +/- 4%

**Repeatability:** +/-2%

**Motor Type:** Planetary gearbox, pneumatic powered

**Metric Equivalent:** RAD 20DX Part No. 19135

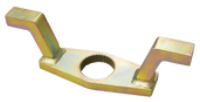

Site Box\*  
PN: CPB555545

*\*Disclaimer: Site Box not included in tool kits for shipments outside Australia; available as an optional add-on*

## DIMENSIONS

## REACTION ARMS

|                                                                                                                                                   |                                                                                                                                                         |                                                                                                                                        |
